ChiPy FinSIG Working Groups

March 2016

Working Groups

Because even loners need a friend

Working Group?

- Small team: 3-4 people

- Single Project/Goal

- Diverse/Complimentary skills sets

- Collaborative

What types of projects?

- Designing, Testing, Implementing an algorithmic trading strategy (Quantiacs, etc)

- Building a trading platform around an open trading api (Robinhood, IB, etc).

- Contributing to an open source package for finance

- Getting your own FinTech Startup going

How can ChiPy help?

- Organizing events where you can collaborate with your groups (Hackathon, Coding Dojo, Project nights, etc)

- Connect you with talented people

What if I don't have a group?

- That's okay - we will act as matchmaker
